

WILSON GIVES UP HIS SPEAKING TRIP

President's Physician Orders Him To Stop Talking At Once

Sale of Arrowhead Means Development

The Arrowhead mine in the Needles district of Nye county has been taken over by the syndicate holding an option on the property and will be operated by the Arrowhead Mining company, officers as follows: R. L. Johns, president; Geo. A. Renshaw, vice president; Charles J. Hume, secretary; W. P. Clendenen, treasurer; J. D. Sloan, with the officers, form the directorate. The company owns four mining claims known as the Arrowhead, Arrowhead Extension, Arrowhead No. 2 and Arrowhead No. 3. The company has been incorporated under the laws of Nevada with a capitalization of 1,000,000 shares of which 750,000 shares have been donated to the treasury for development.

The property is located in the Needles mining district about four miles from Twin Springs, on the Tonopah-Ely division of the Midland Trail highway, about sixty-two miles distant from Tonopah.

U.S. WITHOUT SINGLE FRIEND

WASHINGTON, Sept. 26.—Senator Cummings, republican, of Iowa, attacked the league of nations treaty, declaring that when Wilson signed his work in the Paris conference the "United States had not a friend in Europe, Asia or Africa." Our president's service in the war was almost forgotten in the storm of protest following him when he sailed for home. Senator Cummings contended that when the war ended "our exit should have been as speedy and complete as possible." He contended that the "disgrace of passing over Thrace to Bulgaria."

The only thing that Wilson brought to this country joyfully received was the covenant for a league of nations which many people believed without inquiry would mean peace. Gradually there came an understanding that some provisions must provoke war. He said a speedy exit from war did not mean that the United States should have abandoned its allies or made a separate peace with Germany, but it does mean that it is not our duty to associate ourselves with foreign powers in reforming the map of the world and in agreeing to maintain it as the victors made it.

GARY WIRES ACCEPTANCE. WASHINGTON, Sept. 26.—Judge Gary of the steel corporation, wired his acceptance of President Wilson's invitation to participate in an industrial conference here October 6.

PLACERVILLE NOW SAFE FROM FOREST FIRES. PLACERVILLE, Calif., Sept. 26.—The forest fires are under control and practically extinguished. There is no further danger to the city.

THE WEATHER. Local observer United States Weather Bureau:
Temperature: 5 a.m. 53 noon 73
Current 53 73
Wet bulb 50 70
Relative humidity 22 20
Temperature extremes: 1919 1918
Maximum yesterday 78 68
Minimum yesterday 53 41

WEST VIRGINIA WARNS OHIO MEN TO KEEP AWAY

Its Associated Press. CINCINNATI, Sept. 26.—Governor Cox instructed officers to do all in their power to prevent a conflict of citizens of Ohio and West Virginia. He directed the following telegram to the governor of West Virginia: "The Ohio line into West Virginia to compel steel men to quit 'Cincinnati' such an action would be regarded as an invasion of the sovereignty of West Virginia."

WAR MEDAL FOR MERCHANTMEN

Its Associated Press. WASHINGTON, Sept. 26.—The king has ordered that the British war medal be awarded only to men of the armed forces and naval forces. It is also awarded certain men of the British dominions and Indian merchant marine. The medal is awarded to men of the armed forces who served at sea for not less than six months in the war period. A British merchant marine war medal in addition will be given to the men of the armed forces who served at sea for not less than six months in the war period.

CARMAN SLAIN IN LOS ANGELES

Its Associated Press. LOS ANGELES, Sept. 26.—Two men were slain tonight in a quarrel with the killing last night of George Starnes, a newspaper man, and a female electric car. The slain man was killed by the car in a quarrel, according to witnesses. Starnes was killed by the car.

GOV. JOE HUTCHINSON REPORTED SERIOUSLY ILL

Its Associated Press. TOPEKA, Sept. 26.—Governor Hutchinson is seriously ill with influenza at the Overland hotel in Topeka and is not allowed to see him. "Our Joe" was taken sick shortly after the Wilson exception, but paid no attention to the symptoms until two days ago when he was taken to the hospital. Last night he was said to be in a critical condition with a high temperature. The governor stabilized his return to Tonopah six months ago by buying the Tonopah California mine and is chairman of the executive board of the Division of Mines.

AMERICAN SCHOOLS ARE SHORT 38,000 TEACHERS SHORT. WASHINGTON, Sept. 26.—The public schools of the nation began the new school year with a shortage of approximately 38,000 teachers.

ANGELES FOREST FIRE BROUGHT UNDER CONTROL. LOS ANGELES, Sept. 26.—The crisis was reached in a battle against three disastrous fires in the Angeles forest, which were regarded as practically checked early today. More than 100,000 acres were burned over.

GIBRALTAR GROUP IS SOLD IN NEW YORK

New blood in mining in Nevada was injected when the Gibraltar Silver Mines company was organized in New York by a group of capitalists who have never allowed their names to be used in connection with any mine investments. The leaders are all members of the New York Stock exchange who have held aloof from mining investments until the present opportunity when they came forward with the explanation that the best chance offered for capital in operating silver mines.

The deal was closed by Harry Stimler, who returned from the sale yesterday with the announcement that the whole eastern country was turning to mines. The new organization is headed by W. N. Waddell as president, and R. K. Sherwood, secretary. The company was financed through the Wall Street firm of O. J. Brand & Co. with a credit of \$200,000 guaranteed as work progresses. The British interests are well represented. Among the directors is Edward A. Clark, president of the American Zinc company and one of the leading spirits of the American Petroleum company, operating in seven states and producing 40,000 barrels daily. James M. Hyman, another Wall Street man, is one of the directors.

On Frederick, who has been contracting on the Divide, left this morning with a crew of six men for the project. The location of the Gibraltar is six miles west of Round Mountain in the Toiyabe county, or fifty miles from Tonopah. The group comprises seven men.

Two contracts let for shafts. The Liberty Bell and the California Divide Mining companies have each let a contract to Bart Clevage, who had the original contract for the first fifty feet on their ground, to sink an additional two hundred feet. This will bring them to a point seventy feet below where the Gold Seam cut through in their shaft on the adjoining property.

The companies will wait a reasonable time for an adjustment of the labor difficulties here and if this is not settled within that time, Mr. Clevage will proceed with work regardless of the labor difficulties.

CASSIUS SMITH NOW ALLIANCE CITY MANAGER. Cassius C. Smith, well known Nevada man, is now making a success as city manager of Alliance, Neb., according to clippings of the Alliance papers received by his mother, Mrs. H. Smith, of Reno. Manager Smith holds the reputation of being the greatest football player Nevada has ever produced, and was the best on the coast when he attended the University of Nevada in 1903. He worked in the hard office at Carson City for three years before leaving for Alliance to become city manager.

INCREASE IN PAY GIVEN. RENO CITY EMPLOYEES. The wages of all day laborers, teamsters, truck drivers and the street and sewer foremen employed by Reno, were increased by the city council last night. The increase is effective October 1.

Under the new scale the street foremen will receive \$140 a month; the sewer foreman \$425 a day; the street sweepers \$350 a day, an increase of fifty cents; truck drivers \$4 and \$4.75 a day, an increase of fifty cents; laborers \$3.75 a day, an increase of fifty cents.

NERVOUS INDIGESTION GIVEN AS THE CAUSE FOR QUITTING

By Associated Press. WICHITA, Kan., Sept. 26.—President Wilson today cancelled the remainder of his tour under orders from his physician, Admiral Cary T. Grayson. He will return to Washington direct from Wichita. Dr. Grayson gave illness and physical exhaustion as his reason for the action. He said there was nothing critical about the president's condition, but a nervous reaction affecting the digestive organs made a suspension of the trip imperative. President Wilson was ill most of last night. He personally desired to continue the tour but Dr. Grayson would not permit it.

The president's address, which was to be delivered at the Forum this morning, was cancelled. The presidential train did not pull into Wichita station, where a large crowd gathered. The president desired to greet the people but his physician refused to permit him. Leaving Wichita at 11 o'clock today the train will take Wilson to Washington Sunday morning. He will go by way of Kansas City and St. Louis. Secretary Tumulty issued the following statement: "The president exerted himself so constantly and has been under such a strain during the last year and has so spent himself without rest on this trip that he has brought on nervous reaction in his digestive organs. Dr. Grayson therefore insists upon cancelling all remaining appointments."

WANT TO KNOW ABOUT MARINES

Its Associated Press. WASHINGTON, Sept. 26.—Senator Knox, republican, of Pennsylvania, introduced a resolution asking Secretary Daniels to report whether American marines were landed at Tripoli, to compel Italian evacuation. The senate also adopted a resolution by Senator Lodge asking the state department if marines had been sent to Europe to aid in carrying out provisions of the German treaty for a plebiscite in Schleswig-Holstein.

BOTH SIDES ARE MAKING CLAIMS

Its Associated Press. PITTSBURGH, Pa., Sept. 26.—The strike is practically unchanged. Both sides are claiming to be increasing in strength. State troopers and steel workers exchanged shots between Clairton and North Clairton. No one was hit. The troopers made three arrests, when the arrested men had been shot at by workers going to the steel mills for several days.

GARY IND. Sept. 26.—Two men were arrested here charged with throwing stones at autos believed to be loaded with strikers returning to work. There is little change in the strike situation.

SANTA CRUZ REDWOODS MENACED BY FLAMES

Its Associated Press. SANTA CRUZ, Calif., Sept. 26.—Two fires are burning inside the California redwood park, one within half a mile of Governor's camp breaking out after being subdued. Every available man is fighting to prevent destruction of the park.

FUNERAL SERVICES SUNDAY.

Funeral services over the remains of the late Joe Miller will be held Sunday afternoon at 4 o'clock at the undertaking parlors, followed by interment in the local cemetery. Deceased was one of the best known members of the sporting fraternity, having resided in southern Nevada for fifteen years.

and immediate return to Washington notwithstanding the president's earnest desire to complete his engagements.

RIGHT OF MEN IN STEEL WORKS TO ORGANIZE

Its Associated Press. WASHINGTON, Sept. 26.—The right of employees to have some voice in determining working conditions is the paramount issue in the steel strike, according to the testimony of Samuel Gompers before the senate investigating committee. It is said the right of workers to associate had been denied by the United States Steel corporation and they said there was no doubt a true majority of the strikers were foreigners but the corporations brought these men here and eliminated Americans. They were responsible. The steel corporation compelled long hours, spied on the men and fought organization. Meetings were broken up, workers assaulted, and free speech restricted. Many public authorities of Pennsylvania were under the domination of the steel corporation.

Senator Phillips, republican of Colorado, read a statement from Woodrow Wilson in 1909 in which he said he "was a force partisan of the open shop." Gompers said it was unfair to judge Wilson now by his former attitude. Gompers said it was unfair to quote old statements of Wilson as a hold up of the statements of W. Z. Foster, secretary of the steel workers organization committee, made at the same time, and say they represent his attitude now. Foster had been attacked in the house as a radical I. W. W.

Gompers said he sent a telegram to Chairman Fitzpatrick of the laborers' committee, asking that the strike be postponed in accordance with the request from President Wilson, but was told the men were in such a frame of mind that it was impossible to prevent them striking.

SHIPYARD MEN NEXT TO STRIKE

Its Associated Press. WASHINGTON, Sept. 26.—A strike of 200,000 shipyard employees on the Pacific coast and an equal number on the Atlantic, is certain unless the navy department and shipping board revoke the edict that there will be no increase in wages till after October 6, according to labor leaders.

FIRE IN SNOWSHEDS DELAYS ALL THE TRAINS

Owing to a fire which consumed 600 feet of snowsheds at Blue Canyon in the Sierras, there was no through train from the coast this morning. Instead of holding No. 24 six hours at Sparks for the sleeper and mail on the detained train, which arrived in Reno this morning at 1 o'clock, a stub was made up for the Tonopah run. Consequently the belated passengers were held over at Reno until 7:30 this evening.

NEVADA RANKS NINTH IN WAR STAMP SALES

Nevada ranked ninth in the per capita purchase of war savings stamps for the first seven months of this year, according to a report of the treasury department which compares the per capita purchases made by all states. The per capita sales in this state averaged \$1.26, approximately \$150,000 in stamps and war savings certificates being purchased.

METAL QUOTATIONS	
SILVER	1.18 3/4
QUICKSILVER	\$7.02
COPPER	23 1/2 c
LEAD	\$6.00

Although outwardly standing well to the task, the hard ordeal of more than three weeks traveling and speech making, it became known that he suffered for some days from headache. He also was much fatigued by the confinement. His special train was interrupted only by brief stops which were spent mostly in riding through crowds and speaking to audiences so large that it required all his exertion to make his voice heard. He made nearly forty speeches since he left Washington. Dr. Grayson thought the indisposition would quickly pass away if Mr. Wilson remained quietly in bed, but he said he would insist on absolute rest.

Later the following statement, signed by Wilson, was issued "to the people of Wichita. I sincerely regret that I was unable to meet the five people of Wichita and Kansas to see before them facts regarding the treaty of peace and the league of nations. I know with what candor they would desire to treat this important matter and I am confident of what their judgment of the facts would be. It is a real disappointment that I must leave Kansas without the pleasure again of coming in personal contact with them."

WATER RETARDS TUNNEL WORK

The progress of the Elmer Smith Tunnel project is being retarded by the water which is being pumped out of the tunnel. The water is being pumped out of the tunnel at a rate of 100,000 gallons per hour. The water is being pumped out of the tunnel at a rate of 100,000 gallons per hour. The water is being pumped out of the tunnel at a rate of 100,000 gallons per hour.

CONFERENCE FAILS AND STRIKE ORDERED

Its Associated Press. WASHINGTON, Sept. 26.—The conference between the railroad, steel, and shipyard workers, which attempted the adjustment of differences on the labor question, has resulted in failure. A strike was ordered to take effect tonight at midnight.

INTERNED GERMANS GO TO ROTTERDAM

Its Associated Press. NEW YORK, Sept. 26.—More than 1,000 enemy aliens, mostly Germans, interned in the United States during the war, sailed for Rotterdam today on the transatlantic liner.
